

Company Description

Atma Malik Institute of Technology and Research is a highly respected institution with over 25 years of experience in providing excellence in engineering education. Affiliated with the University of Mumbai, the institute is known for its cutting-edge facilities that encourage innovation and hands-on learning. Located in Mumbai, the institution is dedicated to fostering academic excellence and preparing students for dynamic professional challenges in technology-driven industries.

Role Description

This is a full-time on-site role for an Assistant Professor in the Department of Computer Engineering at the Mumbai campus of the Atma Malik Institute of Technology and Research. The Assistant Professor will be responsible for delivering lectures, developing course curriculums, guiding student projects, conducting research, and contributing to academic publications. Responsibilities also include mentoring students, participating in departmental activities, and fostering a productive and collaborative academic environment.

Qualifications

- Expertise in Computer Science and Information Technology
- Proficiency in Programming and Cybersecurity
- Experience in Curriculum Development and teaching
- Demonstrated ability to support and mentor students in academic and project work
- Strong communication and interpersonal skills for effective teaching at the undergraduate and postgraduate levels
- Ph.D. in Computer Engineering or a closely related field preferred; candidates with a Master's degree and significant teaching or industry experience will also be considered
- Proven track record of research and publications is an added advantage
