International Advanced Faculty Development Program on Research Methods and Methodologies for Qualitative, Quantitative and Mixed Methods of Research Design

(FDP-MRD 2023)

Course Work Certificate

This is to certify that **Chavan Govindrao Eknathrai Assistant Professor, Atma Malik Institute of Technology & Research** has successfully completed “**International Advanced Faculty Development Program on Research Methods and Methodologies for Qualitative, Quantitative and Mixed Methods of Research Design**” **Organized by: Eudoxia Research Centre and Eudoxia Research University - USA** with the following topics and credit points as mentioned in the table.

Date: 04th December (Monday) to 14th December (Thursday), 2023

SL/NO	Course Title	Topic	Credit
1	Fundamentals of Qualitative Research Design	Qualitative research is an exploratory approach to research that aims to understand the experiences, perspectives, and meanings of individuals or groups. It is often used in social sciences, psychology, and anthropology.	2
2	Qualitative Data Analysis and Interpretation	Qualitative data analysis involves interpreting data that is non-numerical in nature, such as interview transcripts, field notes, and audio recordings. It is an iterative process that involves examining the data for patterns, themes, and relationships.	2
3	Basics of Quantitative Research Design	Quantitative research is a research approach that involves the use of numerical data and statistical analysis to investigate relationships between variables. It is often used in fields such as economics, psychology, and political science.	2
4	Quantitative Data Analysis and Application of SPSS	Data analysis in quantitative research involves the use of statistical techniques to analyze numerical data. This can include descriptive statistics, such as means and standard deviations, as well as inferential statistics, such as t-tests and ANOVA.	2
5	Research Manuscript Drafting and Publication Process	Effective manuscript drafting involves careful planning and organization of the manuscript, including developing a clear research question, conducting a thorough literature review, and outlining the structure of the manuscript.	2
